I thrive on those electrifying moments when I witness the transformation of intrigued spectators into fervent believers. Throughout my career, I've honed the craft of storytelling to perfection. Acknowledging the potency of narrative in captivating an audience, I skillfully blend visuals, words, and data to craft compelling stories that resonate deeply. My collaborative ethos and commitment to grasping the distinctive requirements of each client have solidified my reputation as a dependable ally in achieving business goals through captivating presentations.

**SECRET LEVEL SERIES**

HANDCRAFTED FOR TESLA MOTORS FRESH AS OF 11.3.2017

It is not every day that we have the opportunity to craft a program for a brand that catalyzes world change.

### STRENGTHS AND BRAND PROMISES

- INNOVATION**: Tesla brings the fine line between consumers' desire for spontaneity and their need for purpose in their adventures, utilizing technology to make the journey to help them reach both goals.
- SUSTAINABILITY**: Sustainability is key to facilitate him changing the world. To make it possible for everyone to dump fossil fuels that they never had excuses left to not go electric.
- PERFORMANCE**: Tesla Model S is faster than the Lamborghini Aventador, the Ferrari FF, and the McLaren 650S, and drives cleaner using electric power.
- LUXURY**: Tesla Model S ranks as the top ultra-luxury vehicle according to Consumer Reports. It delivers an unparalleled sleekness and allure for top-class consumers.
- DESIGN**: Tesla's aesthetic embodies the company's futuristic attitude and the sense of a technological adventure, and people respond emotionally to the vehicle's evident sex.

### CONSUMER EVOLUTION

Consumers accustomed to – if not actively participating in – increasingly sophisticated efforts to optimize their life, now seek to become a better person. They'll reward brands that serve up the new tools, platforms and experiences that can help them find the answers.

TREND EVOLUTION		
2010 WELLNESS	2012 GUILT-FREE CONSUMPTION	2017 ETHICAL EDUCATORS
Peak physical and mental wellbeing became a status symbol.	Indulgence that minimizes damage to the planet, society or self.	Consumers seek to expand their personal ethical development.

### THE SECRET LEVELS

### THE EXPERIENCE

An unprecedented exhilaration. Zoom around Daytona International Speedway at professional F1 speeds, with all hands off...Autopilot 2.0 sets your thrill ride in motion.

This is the ultimate level — on a renowned racetrack and following in the footsteps of a true racing record holder, a legendary Formula One racer, as he laps in a Tesla Model S P100D around the famed raceway — guests will join the Tesla themselves to auto-drive Rosberg's exact laps around the track. Elon Musk serves as the master of ceremonies at the track.

### BEHIND THE WHEEL

Participants receive the full-speed experience of the track as they mimic the star driver's speed around the track. As they zoom around the Daytona track, they whip past the Tesla logo projected on the empty stadium seats, powered by the solar panels igniting the Powerwall. They complete their journey when they pass through the Tesla-branded finish line.

Using Tesla's unique, innovative interface, riders can watch their path mirror the ghost car they're racing against, as they let the autopilot mode do the legwork.

### HOSPITALITY

**ACCOMMODATIONS**: Guests will stay in luxury Eco-pods, the perfect fusion of modern comfort and sustainability. Here, the surrounding nature and modern luxury. It's a way to experience the racetrack intimately without having to sacrifice creature comforts. From the moment of check-in, guests are able to authentically and uniquely experience the awe-inspiring racetrack.

**DINING**: All meals will be enjoyed al fresco, with a menu curated by Adam Perry Lang, a staunch sustainability advocate. Adam is a classically trained chef and a certified barbecue BBQ expert. Adam has barbecue and grilling experience from the backyard barbecue grill to the barbecue competition circuit, known as the man who has mastered the art of cooking over fire.

### LEVEL 9

**DETAILS**: With more superchargers per inhabitant than anywhere else worldwide, the region allows participants to travel seamlessly from Copenhagen, to Stockholm, to Oslo with culturally intuitive experiences throughout the journey.

Throughout this week, days will be dedicated to racing along the nation's most stunning public roads, while the night will update public roads and parties exclusive to the participants.

For the rally, participants collaborate with artists to develop customized Tesla designs, e.g. bespoke vehicle wraps, that testify to the drivers' unique tastes.

Checkpoints on the route include a private dinner at Noma, the world's best restaurant; a rooftop restaurant in Copenhagen; and the Golden Roof—an awe-inspiring collection of harpin bends, glazed valleys and emerald green fields.

### LEVEL 6

Sip and cheers wine too exclusive to reach even the world's top sommeliers' radar. Individuals who achieve this level are invited on a private behind-the-scenes tour and tasting, paired with a glass of Tesla wine at Querciabella Winery in Italy. A notable sustainable chef pairs the wine with decadent cuisine.

### LEVEL 5

A chef unmatched in sustainability and luxury cuisine emerges from his kitchen for an unparalleled dining experience.

### PRODUCING THE BORING EXPERIENCE

**DETAILS**: We will provide guests with travel accommodations and five-star lodgings, e.g., Termeas Resort. Tesla Concierge greets winners upon arrival and provides assistance with additional arrangements and respond to questions. Guests are provided with an itinerary for dinner and breakfast.

Dinner will serve as an opportunity for the guests to mingle and connect with other attendees. Guests will dine under one roof, while the morning breakfast will focus on educating winners about The Boring Company.

A fleet of Tesla Model X will transport guests from their lodgings to the event. The VIP hospitality lounge, fabricated on-site, provides comfort seating and food stations while guests await the VR experience.

A professional photographer captures each guest in the Boring Tunnel, which will be custom framed and delivered to each guest's home as a commemorative token.

### LEVEL 4

The event includes a keynote with the space suit's creator, Hollywood costume designer Jose Fernandez. Fernandez will speak to his collaboration with the Boring Company to create the form-fitting white-and-black space suits (that bear little resemblance to their NASA predecessors).

Through a VR experience, guests are "launched" into space. A Falcon 9 rocket is able to simulate exiting the Earth's orbit. The VR viewer is designed to look like the space suit's helmet, for a seamless guest experience.

The exclusive event culminates with each guest receiving a replica of the iconic spacesuit to take home.

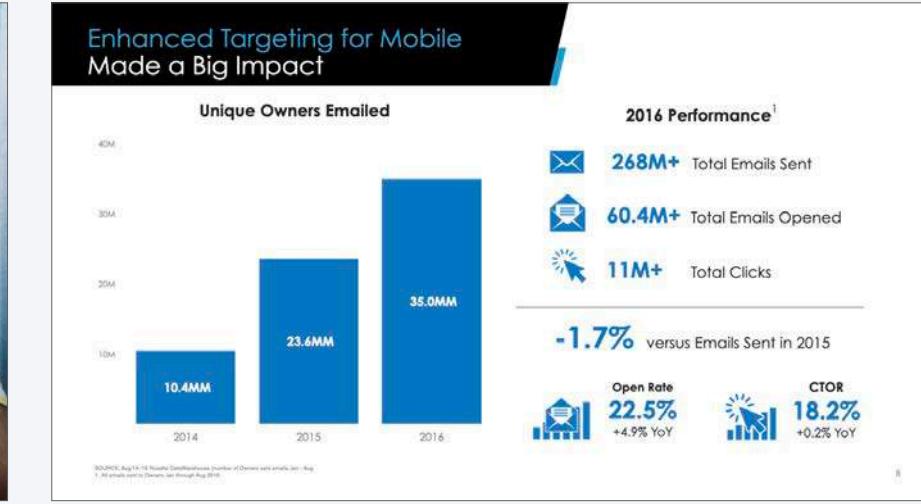

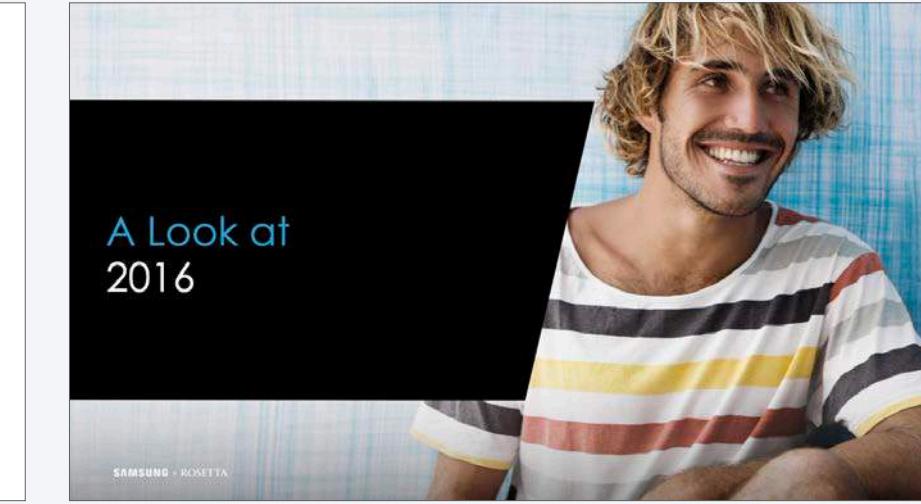

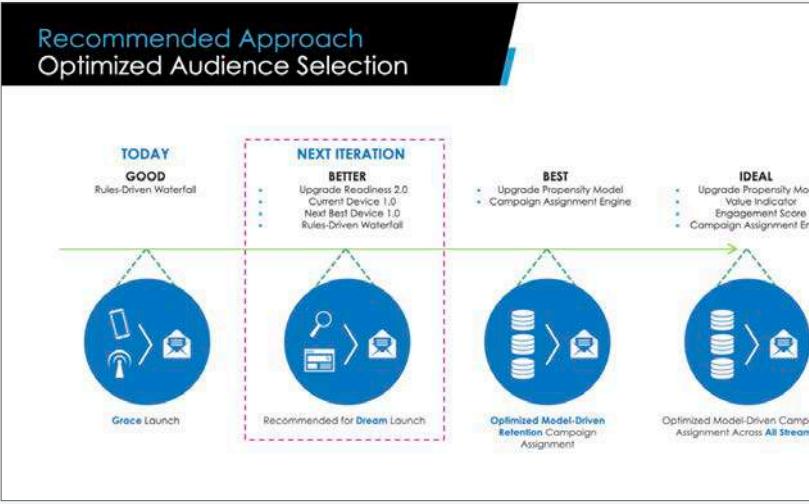

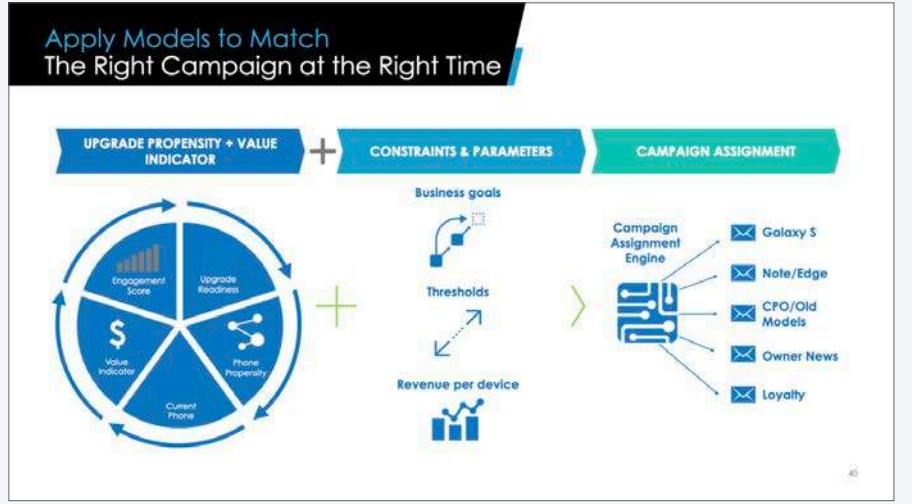

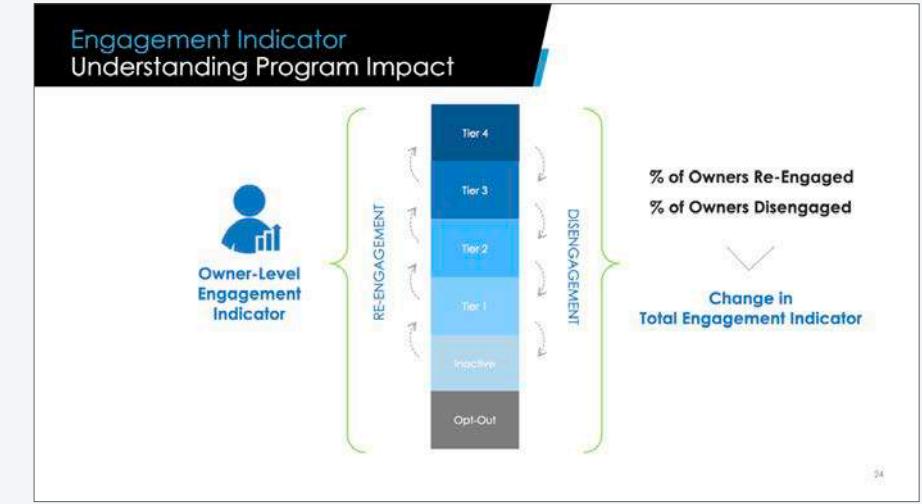

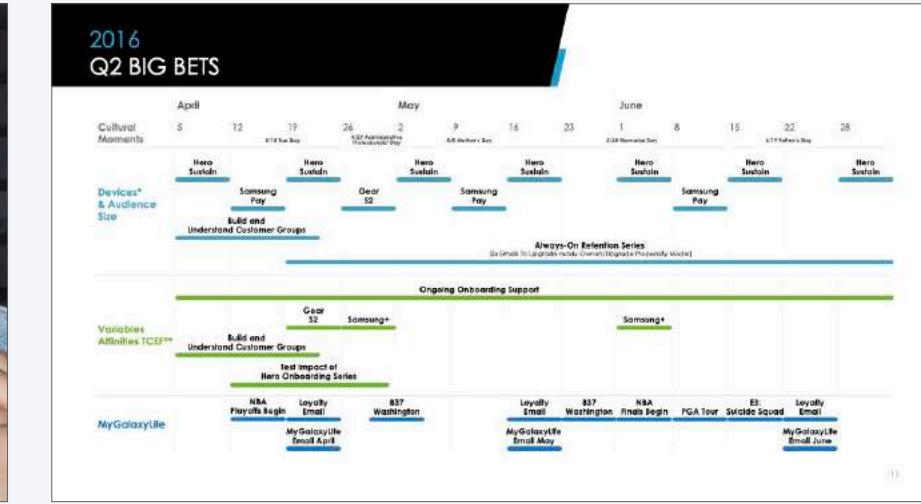

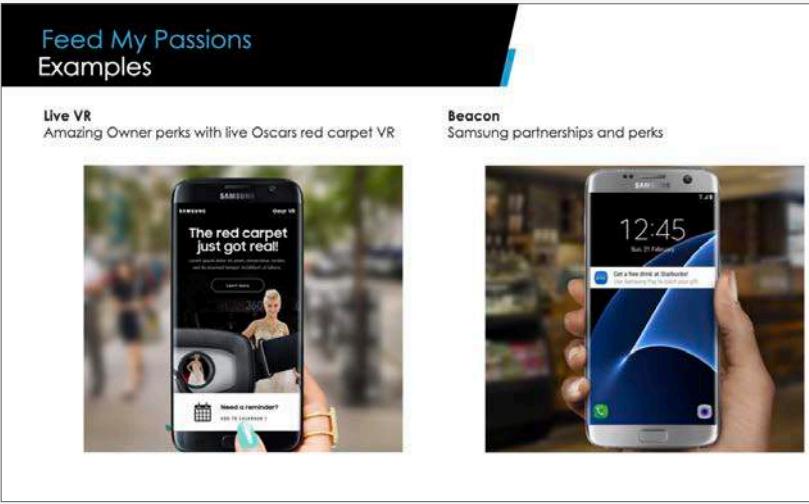

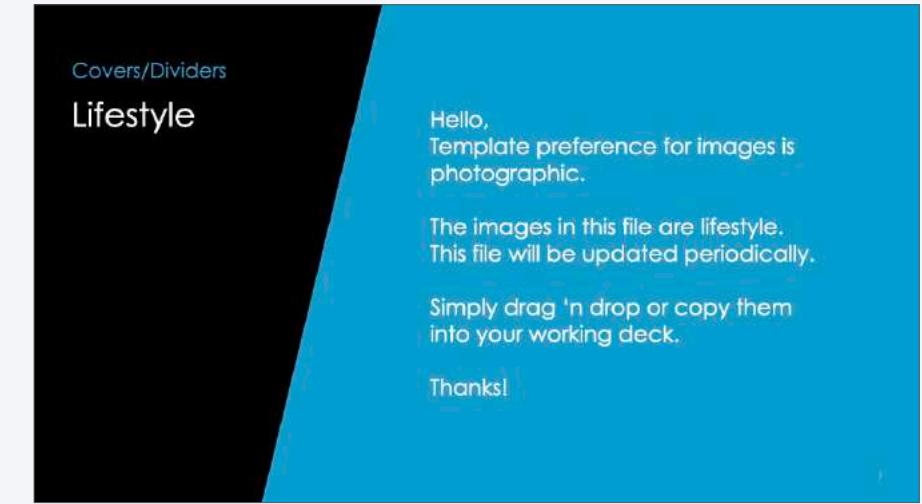

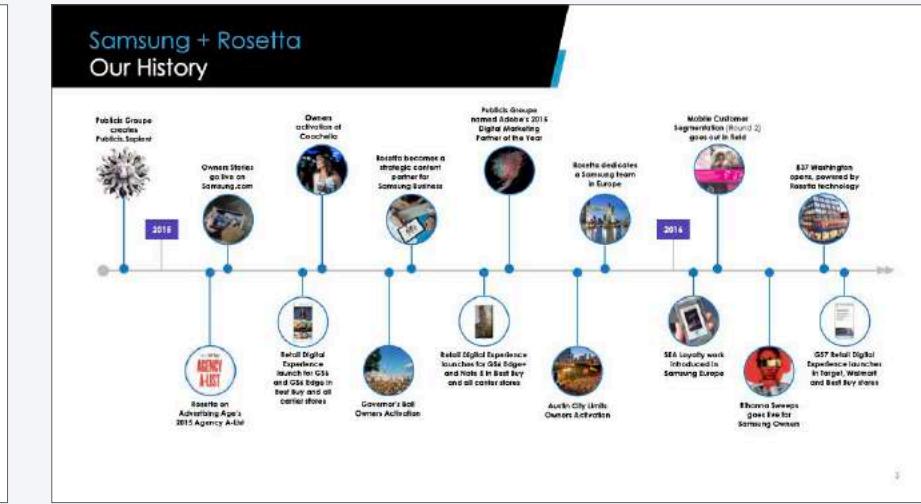

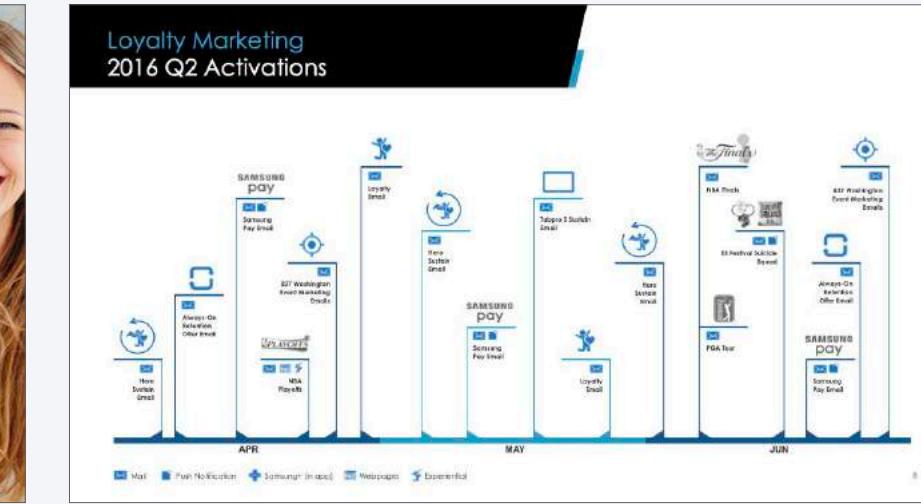

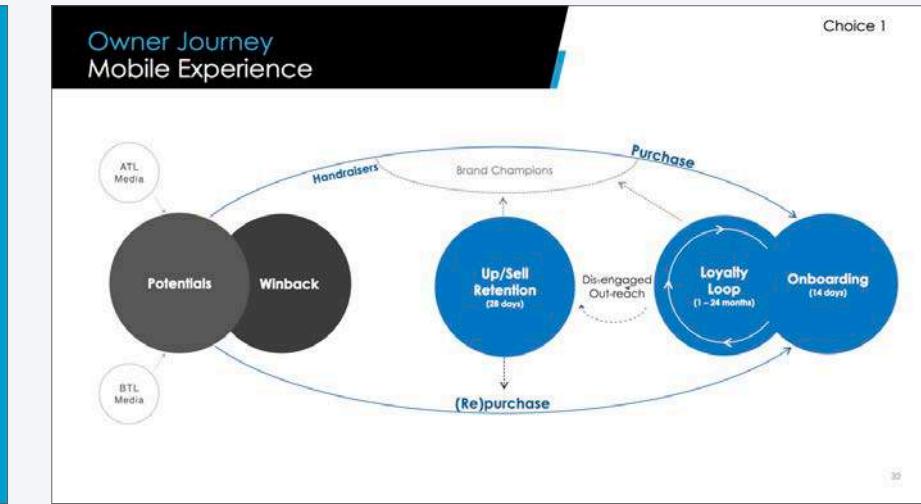

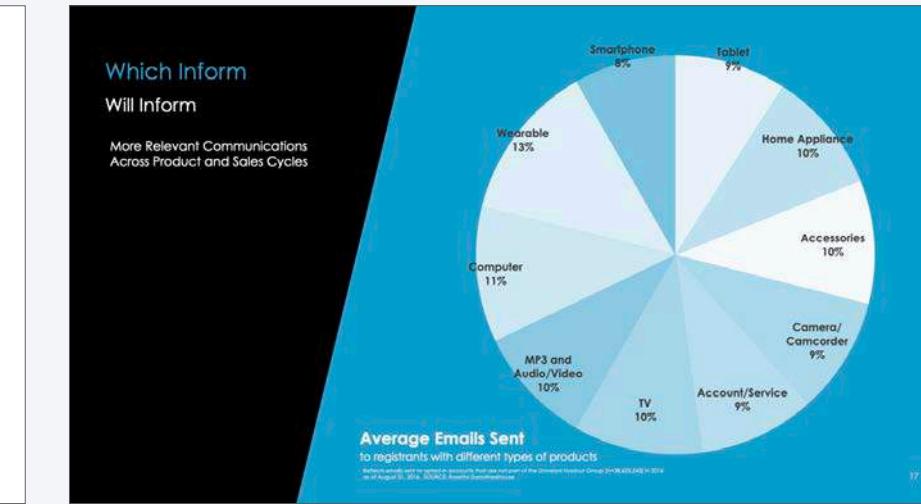

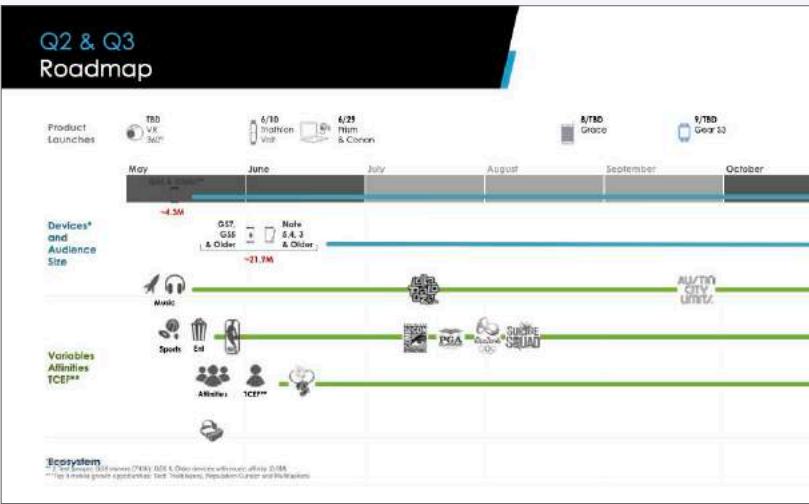

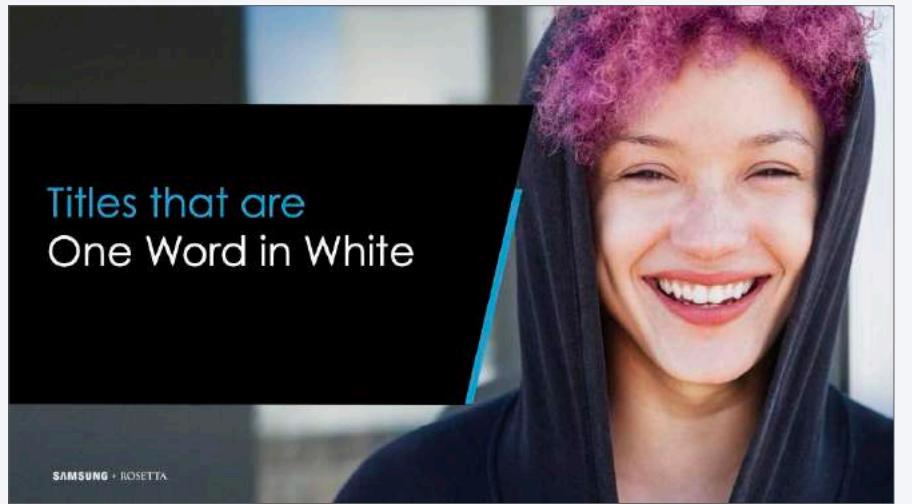

### LEVEL 3

**DETAILS**: American rocket engineer and founding SpaceX employee Tom Mueller guides the tour.

Peggy A. Whitson, the U.S. record-holder for longest time spent in space, leads a symposium for guests on the cognitive shift in awareness that occurs when leaving Earth from orbit, known as the overview effect. The Environmental Protection Movement was inspired by a photo of Earth conveying the overview effect.

Guests participate in a live name engraving that will be featured on the first SpaceX commercial rocket and receive an invitation to attend its future launch.

## ABOUT NVE

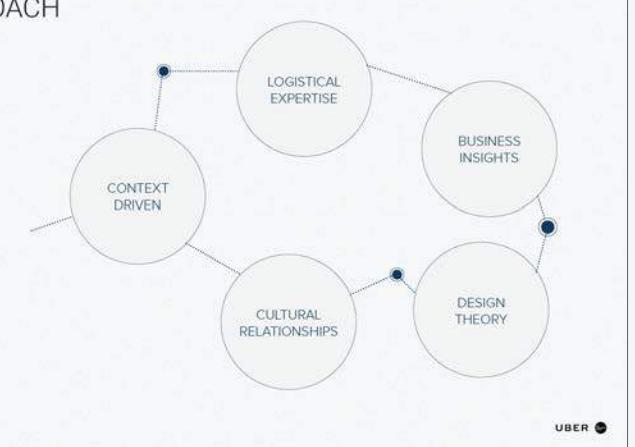

Founded in 2005, NVE is an award-winning experience marketing agency and production company with offices in Beverly Hills and New York. Agency veterans and new school creators, NVE engages cross-industry expertise to deliver unprecedented results for Fortune 500 companies and the world's most iconic brands. Leveraging a deep connection to the event space, NVE is dedicated to creating culture. NVE effectively captures the valuable attention of consumers and converts that attention into action, sales, and loyalty.

NVE believes the right moments will transform someone forever, and helps brands create these moments by creating experiences that are meaningful to their market. International campaigns that received the walls of an event, NVE ranked the Inc. 500 list in 2012 and won Event Marketer's Ex Award for Best Consumer Event in 2015. In 2016, NVE won Event Marketer's Gold Ex Award for Best B2B Event and ranked EventMarketer's It list in 2016 and 2017.

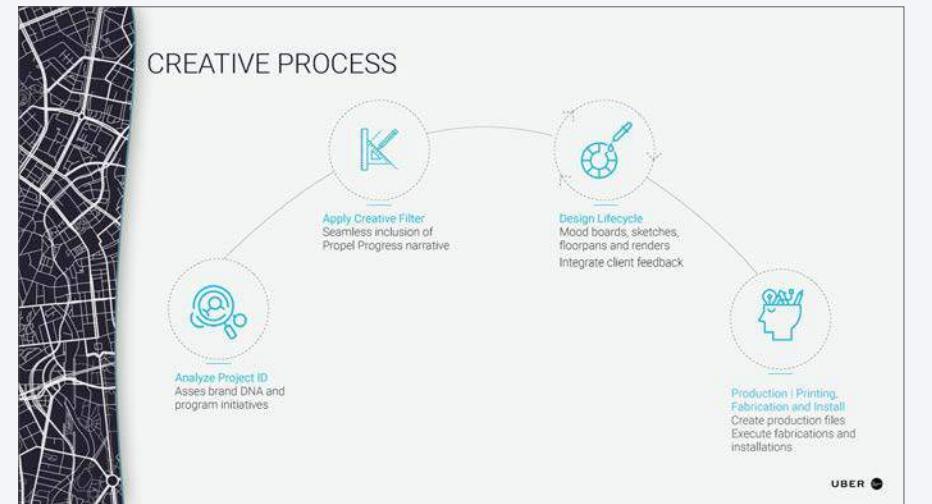

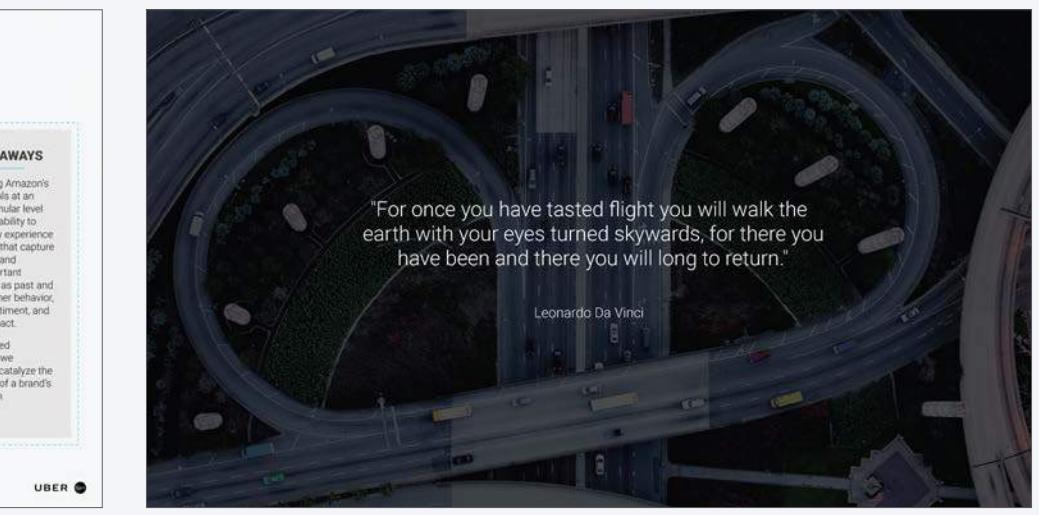

## A HOLISTIC APPROACH

- Headquartered in Los Angeles and NYC
- National scale and international experience
- Multi-tours, multi-market campaigns, and translating experiences flawlessly time-after-time
- Individual market knowledge and insight

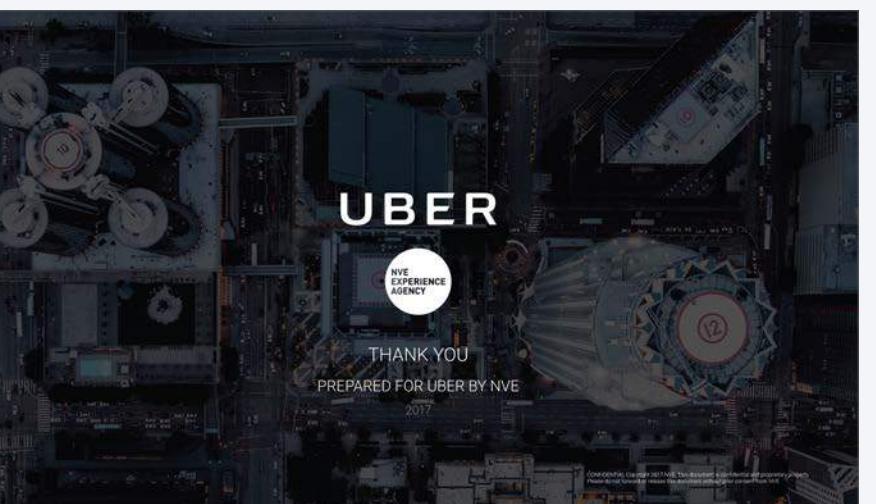

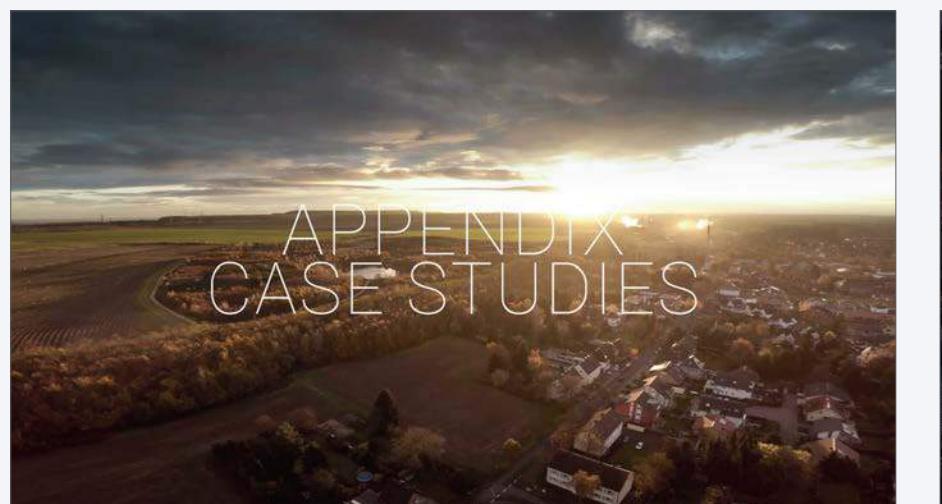

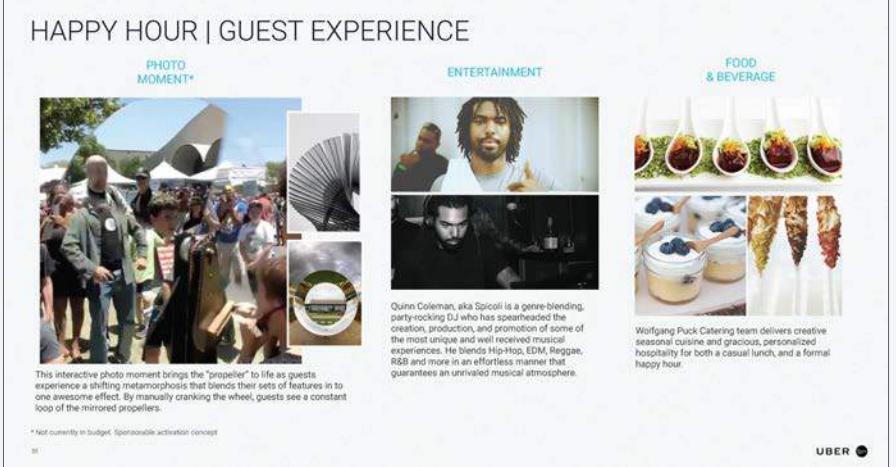

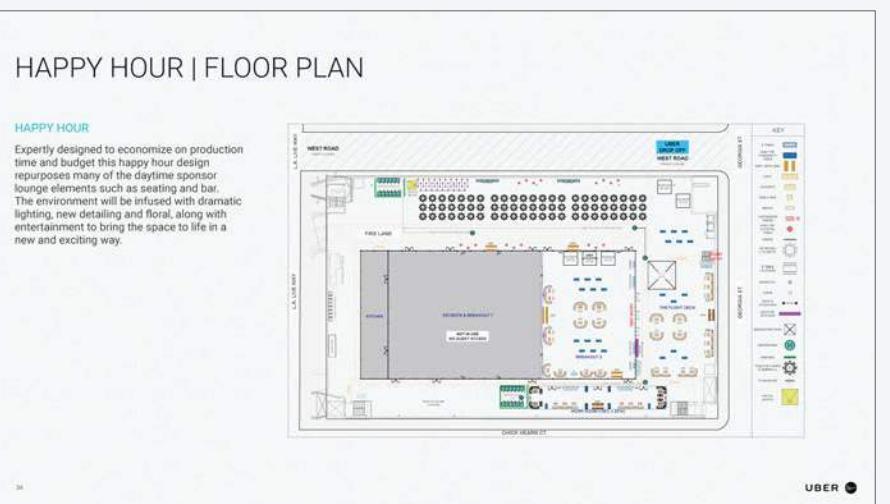

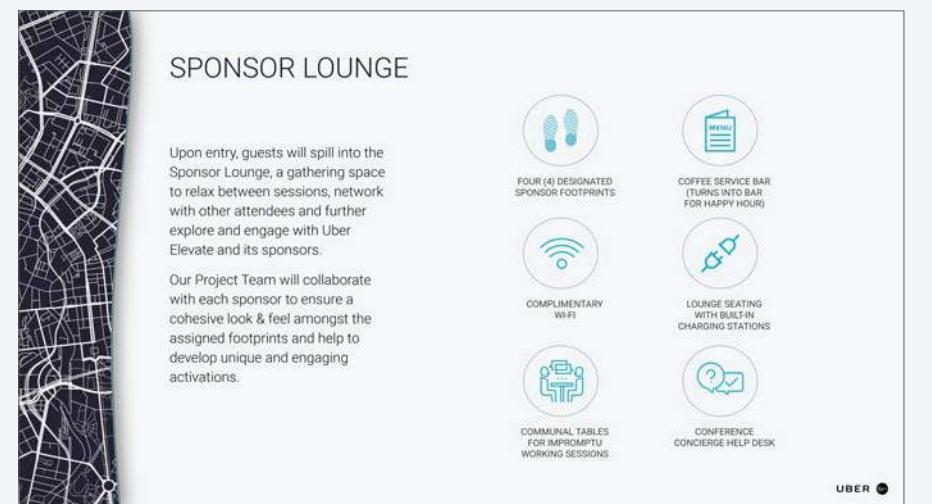

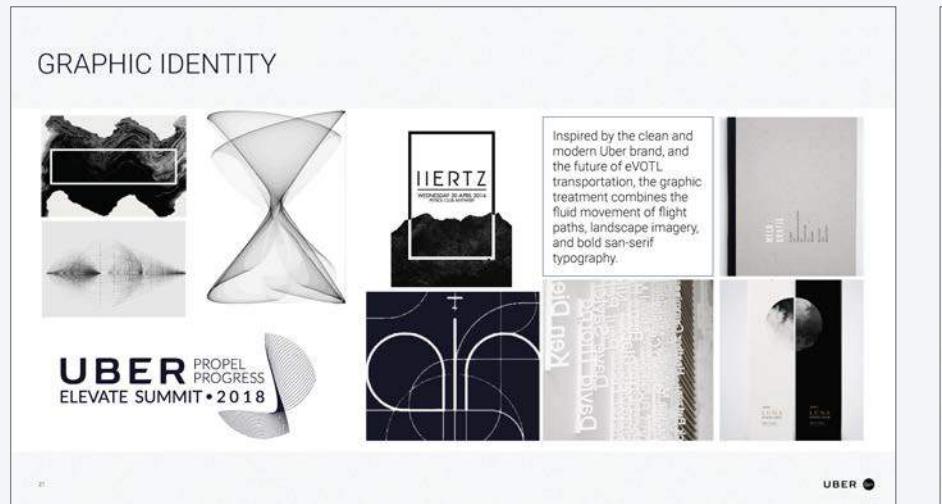

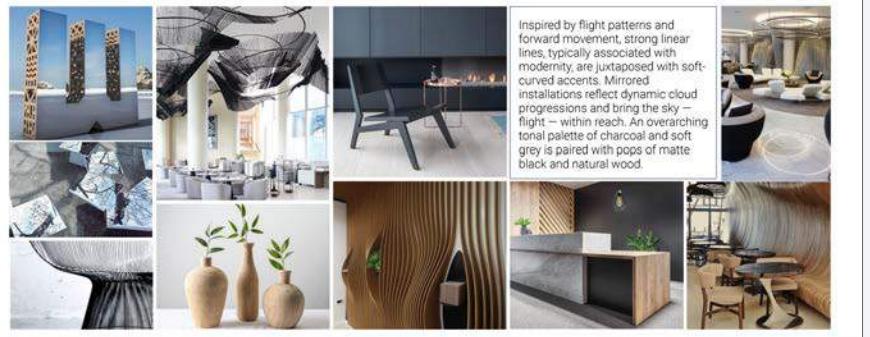

## AOR SUCCESS | AMAZON

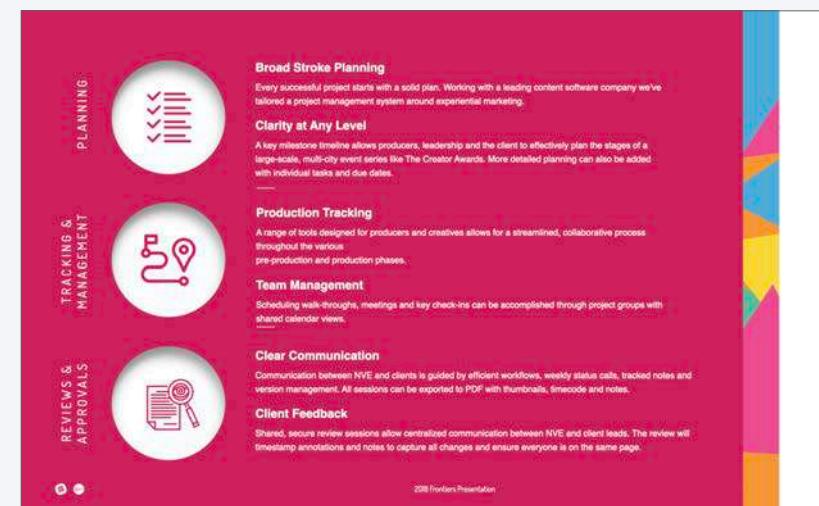

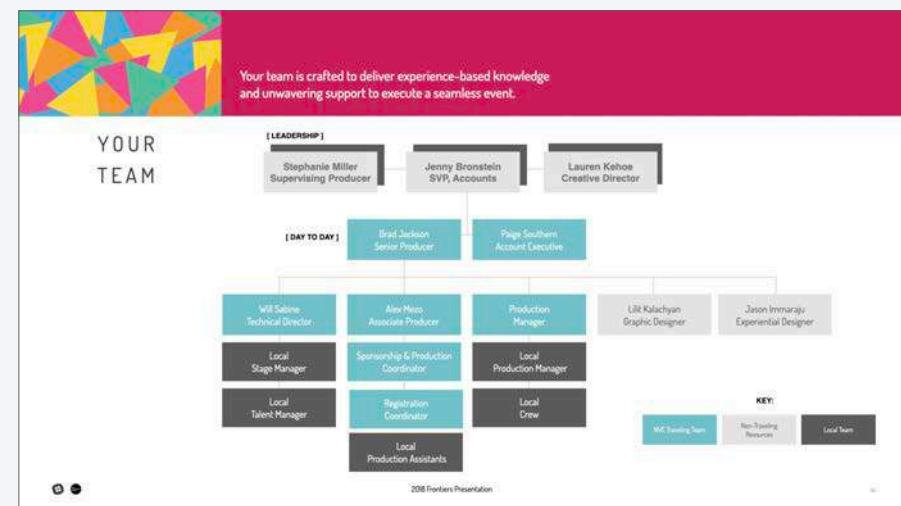

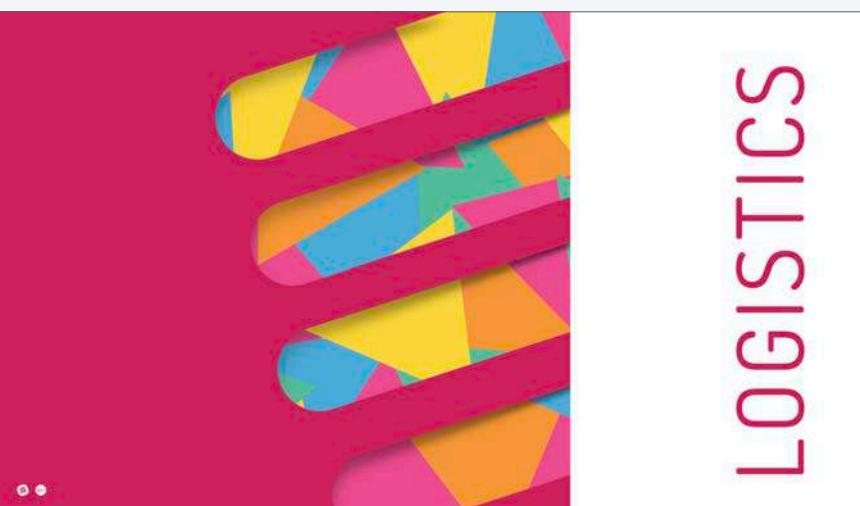

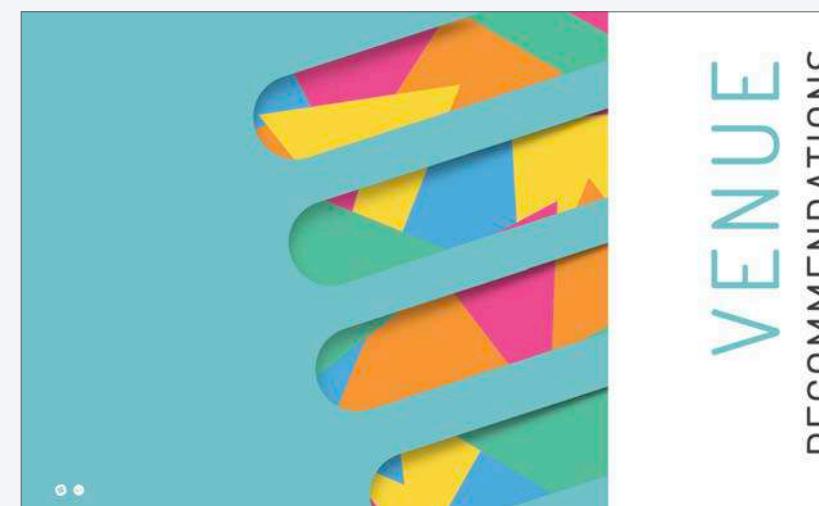

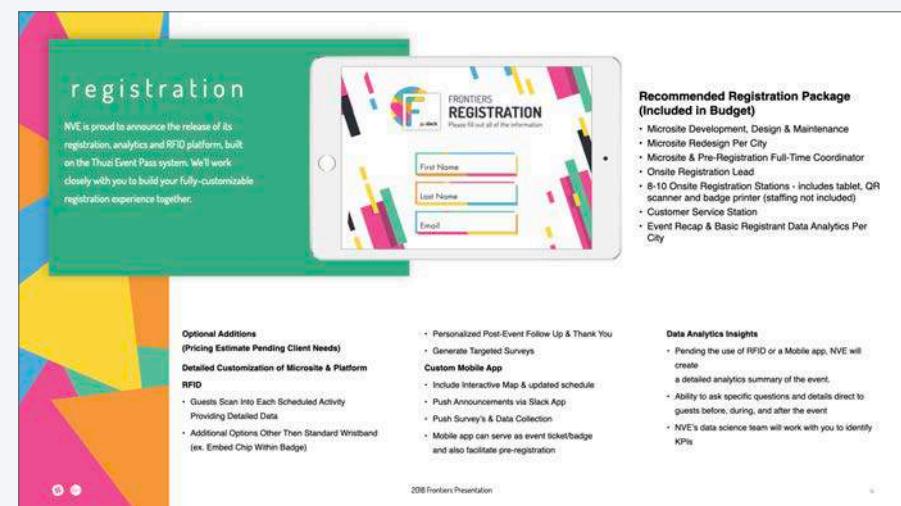

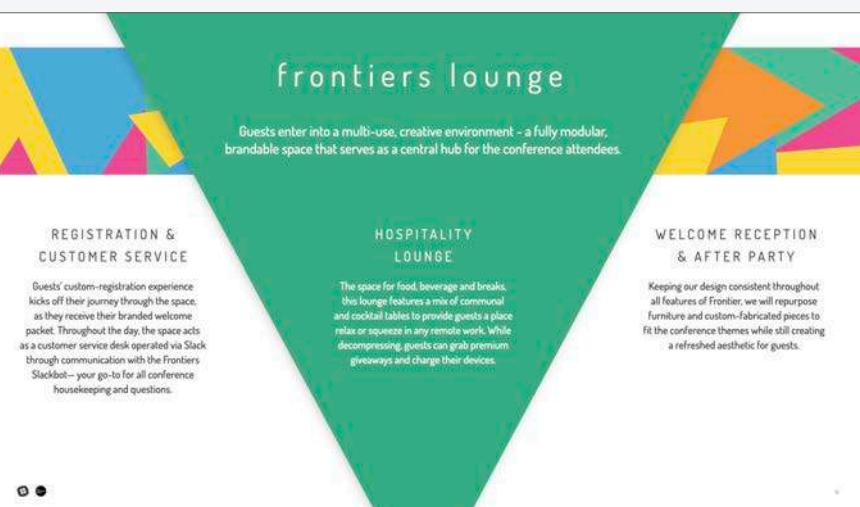

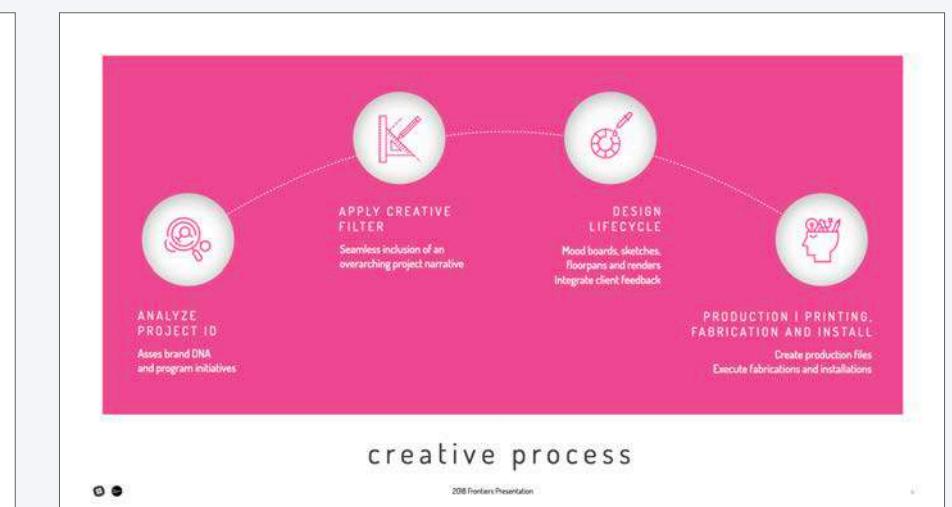

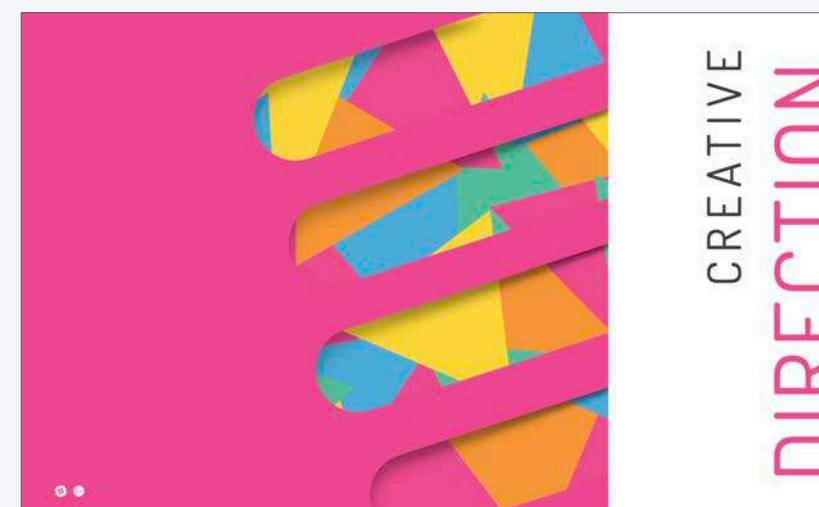

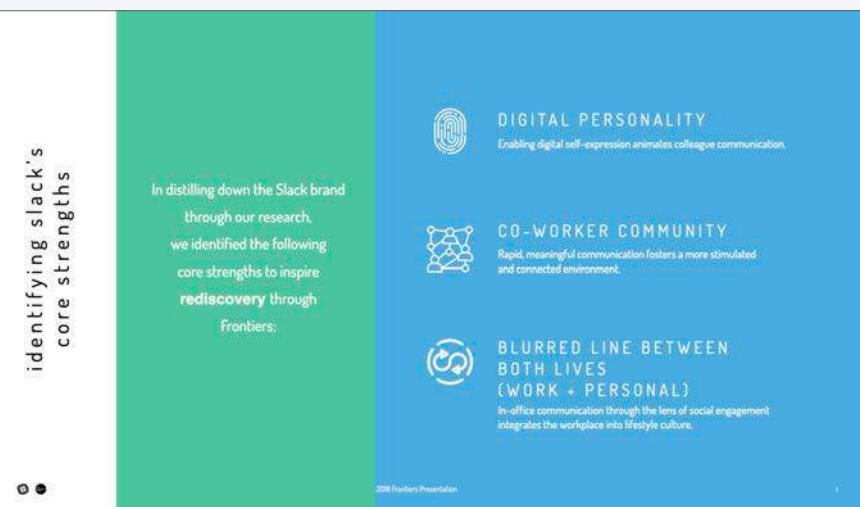

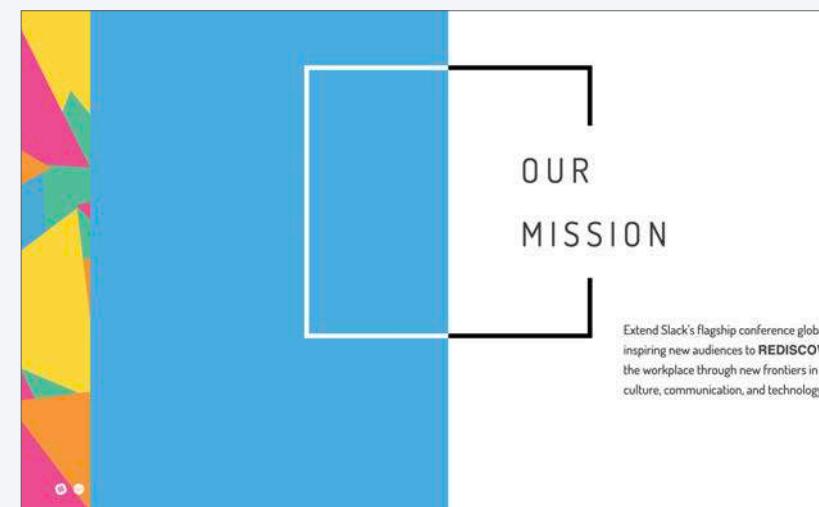

Over two years as Amazon's agency of record, NVE has created an experiential empire for the brand, cutting through the noise of every major cultural zeitgeist.

**FUNDAMENTAL TERMS**

Creative Treatment	8
Mood Board	9
Design Imperatives	11
Guest Journey	14
Note & Bolts	26
Later Baby	28

**ROMANCE ROOM**

The initial look prior to debut. Ana's wedding dress hangs from an intricate chandelier constructed of handcuffs. A bathtub filled to the brim with red roses is a backdrop under a large, clear acrylic roof. A red rose installation is faced over a piano. An overflowing floral wall invites guests to experience romance firsthand.

**DEFINING THE GREY SCALE**

An intimate look inside Christian and Anastasia's world. Peering beyond their notorious deviations through artistic representations of their lives, their passions, and their complex relationship. All shades of Mr. and Mrs. Grey, sophisticatedly and tastefully defined.

**STRATEGIC IMPERATIVES**

Using "Defining the Grey Scale" as our creative platform, we will weave the narrative through the following strategic imperatives to ensure an elevated guest journey.

- Purposed Design
- Interactive Engagements
- Re-Imagined Guest Flow
- MaxShade Moments

NBCUniversal

**ROMANCE ROOM**

NBCUniversal

**MOOD BOARD**

NBCUniversal

**DEFINING THE GREY SCALE**  
PERSONIFYING THE CHARACTERS & THEIR RELATIONSHIP

Dilute down the essence of the characters and tell the story through environments as characters. Christian and Anastasia are the shades of Grey, and Ana encompasses all-white purity, while together they are a complete shade, united by the written words we see, and the complex shade that we hear.

NBCUniversal

**GUEST JOURNEY**

NBCUniversal

"People don't go to events to see people they like, but rather, people they want to BE like."

- Inc., 2016

**50 SHADES OF GREY**

An overflow installation of pencils ranging in gradient encourage 50 Shades of Grey visiting guests to read 50 exchanges from Ana and Christian on the wall which also includes a video installation of Ana's sophisticated fashion sense. Video installation of Ana's favorite quotes from the book and the movie. Accompanying the computer wall is a typewriter for guests to write love letters and pin them on the wall.

**OVERVIEW**

**THE ASK**

Craft a branded, ownable Lincoln experience at Pebble Beach Concours d'Elegance with elevated touchpoints to generate consideration for the Lincoln family.

**STRATEGIC OBJECTIVES**

- Conquer hard rises through ownable Lincoln introductions that spotlight the brand's commitment to helping its drivers move effortlessly through the world - anticipating and removing potential pain points from the Pebble Beach Concours d'Elegance experience.
- Craft unexpected and authentic experiences that elevate vantage - championing Lincoln as a standout emblem of luxury tailored to the Cultural Progressive consumer.
- Develop elevated hands-on touchpoints for consumers to gain personal insight into the vehicles, igniting emotional and rational Lincoln purchase intent.

## REDEFINING THE SPACE

Every touchpoint will be meticulously curated to align with this prestigious event -- with exceptional materials and finishes on all builds, uncompromising quality and personalization on all guest services.

This luxury experience will be designed with unsurpassed attention to detail, highlighting Lincoln's commitment to empowering owners to move effortlessly through the world.

**THE AESTHETIC**

**TAILORED FOR LINCOLN**

The look and feel for this event draws inspiration from the fluid landscapes of Pebble Beach. Use of grass & local plants, organic textures, and light colors will define the class and elegance of each vehicle model. The aesthetic aims to emphasize the craftsmanship and enduring nature of the brand's history.

**LUXURY IN THE DETAILS**

The design of the Lincoln footprint at Pebble Beach's 18th green will be inspired by the Lincoln fleet, the history of Concours d'Elegance, and the natural beauty of the coastline. Knowing the luxury lies within the details colors, materials and even logo selection will be carefully selected to convey the effortless, sleek and elegant Lincoln lifestyle.

Color Palette  
Use of a neutral color palette for both exterior and background artwork will be rendered in slate/green hues.

Logos  
Lincoln will be utilized throughout the space.  
  
Materials  
Materials used throughout the experience will be composed by components that make up a Lincoln luxury vehicle.

**THE DISPLAY MOMENT**

LINCOLN BLACK STAR LOGO  
Inspired by original plants, an oversized Lincoln star with a metallic finish evokes the final touches of craftsmanship.

CUSTOM FLOORING  
Inspired by the lattice pattern of a classic Lincoln, the floor will be created from high-end turf and concrete finish flooring.

CANVAS ART  
Enhanced original plants, an oversized Lincoln star with a metallic finish evokes the final touches of craftsmanship.

INFO TABLETS  
Deck tablets display add an interactive component to the top-line vehicle information.

2018 LINCOLN CONTINENTAL  
Luxury Sedan

2018 LINCOLN NAVIGATOR  
Highlight the Black Label

**THE HOSTS**

**SATURDAY**  
The Aviator  
Incorporates a sleek, sharp-lined suit with a modern-cut blazer. Black Lincoln star Lapel Pin, belt, and tie nod to Black Label elegance.

**SUNDAY**  
The Chic Chauffeur  
A high-fashion twist on the classic look. Sleek, fitted black suit, Lincoln star Lapel Pin. Paired with Aviator glasses as a nod to Lincoln's latest vehicle. Clean, slicked back hair completes the look.

**SHOWCASING OUTSTANDING ARTISTRY WITH A SPECTACULAR VIEW**

Guests can purchase AFAS wristbands from featured displays in the Lincoln tent. The displays subtly replicate the opulence of the art pieces. Materials used to create the displays resemble Lincoln luxury vehicles to maintain a cohesive design language within the tent.

**SAVOR THE OCEAN VIEW IN A LINCOLN'S PERFECT POSITION SEAT**

Reflecting the unparalleled comfort of Lincoln's 30-way Perfect Position seats, guests can enjoy a full sensory experience as they relax with luxury massage from Lincoln-quality leather captain chairs. As their bodies unwind, they can take in the calming ocean views, and listen to a variety of pre-selected playlists from Lincoln's partner, Tidal.

**PERFORMANCE RECOMMENDATIONS**

Talent prospects were carefully chosen based upon their expensive musical talents and commitment to their craft — with special care to select Talent suitable for the world's premiere celebration of the automobile. This performance would celebrate the Lincoln Way with a musician who is on a path to re-invent a genre and define effortless talent. Talent would announce the partnership pre-event and share content live from the experience on their social channels — amplifying the events beyond the footprint.

Masego  
Self-taught saxophonist, pianist, singer, and producer with a unique sound and energy at his fingertips, Masego brings the fresh new sound of jazz to life.

Gallant  
Notable for his raw vulnerability and inspiring vocal range, Gallant resonates soul with multiple generations.

**CRAFTED COCKTAILS**

Inspired by Lincoln's commitment to enhancing consumers' lives through remarkable effortless experiences, we weave unique creative serves into the space — allowing guests to frictionlessly enjoy an exclusive cocktail rather than a traditional pour.

ROVING MARTINI CARTS

CHAMPAGNE D'ELEGANCE

BLACK ON BLACK CONTINENTAL OLD' FASHIONED

Bartenders, partnered with bespoke drinks tools, whip up premium cocktails. Liquid nitrogen will be used to ensure a memorable guest experience.

Guests are greeted by a gleaming champagne tower, with open bottles of bubbly, Lincoln's brand further. Exude excellence through white-gloved service upon arrival.

In an ode to one of the vehicles that helped define Lincoln, this classic cocktail creation is a show-stopping tribute on black old' fashioned — a nod to Lincoln's 'Black Label'.

**THE VEHICLES**

Throughout the week the fleet will be under professional white glove treatment. Attention to detail will be main focus of the fleet manager.
